

Many hunters  
have to use another  
person's land to hunt.

The same rules  
apply if you are tracking  
a deer that has run onto a  
neighbor's property.

S.A.F.E. hunters  
treat every piece of  
property like it was  
their own.

## Respect Landowners:

Get permission to hunt.

Tell the landowner when you enter and leave.

Keep vehicles on paths and driveways.

Close gates when you leave.

Be considerate of neighbors.

Don't damage crops.

Clean up your messes.
